

Kami & Canvas

Use the Kami Chrome extension to learn how to create, edit, and grade Kami assignments in Canvas. Check out students' fave ways to use Kami's awesome tools and features to get their work done. It's not just the kids having fun; there are a ton of ways to simplify and improve workflows for teachers too.

Agenda Focus:

Kami & Canvas

- Focus on creating assignments
- Showcase AI questions
- Show the language supports
- Allow 20 minutes for practice time

Preparations to be made before the trainings:

Please make sure teachers/students have the Kami extension:
